CREW ROLE				ROLE TEST				

**BLINDED:** The character cannot see and automatically fails ability tests reliant on sight, such as Perception (Seeing).

**DEAFENED:** The character cannot hear and automatically fails ability tests reliant on hearing, such as Perception (Hearing).

**DYING:** The character loses 1 point of Constitution score each round on the start of the character's turn. When the character's Constitution score reaches -3, the character dies. Successful first aid applied to a Dying character stabilizes their condition, making them Helpless, Unconscious, and Wounded instead. They must recover from these conditions normally.

**EXHAUSTED:** The character's Speed is halved and they cannot take the Charge or Run actions. An Exhausted character who receives an additional Fatigued or Exhausted condition becomes Helpless.

**FATIGUED:** The character cannot take the Charge or Run actions. A Fatigued character who receives an additional Fatigued condition becomes Exhausted.

**FREE-FALLING:** A free-falling character is effectively weightless in a microgravity or free-fall environment. The character can only move with access to hand-holds or a surface to push off from or some type of thrust (such as from a thruster pack) and, once moving, continues to move with the same speed and trajectory unless acted upon to stop or change their movement.

**WOUNDED:** The character has a -2 penalty to all tests and is exhausted, their Speed halved and unable to take the Charge or Run actions. A Wounded character who receives an additional Injured or Wounded condition becomes Dying.
